

# FBP-H

Finishing beam  
Petrol

## Finishing beam with petrol handle

All of our machines are versatile and easy to operate. Designed for heavy-duty and with high reliability. This means low running and maintenance costs.

- Light-weight and easy to manoeuvre engine screed
- Vertical vibration effect
- Reliable and environment friendly Honda engine
- Variable vibration frequency
- Adjustable working angle on the operating handle for optimal working comfort
- Lifting handle on the frame is also protecting the engine from mechanical shocks
- Smooth aluminium box profile, easy to clean
- De-vibrated handle stand provide optimum operator comfort
- Rounded blade edges eliminating any risk of marks in the concrete
- Wide measurement on the profile, 200mm create less pressure on the concrete

### TECHNICAL DATA SWEpac FBP-H

Petrol engine	Honda GX25
Power	1,0 kW (1,1hk)
Tank volume	0.5 liter
Centrifugal force	1500 N
Frequency	9000 vib/min
Weight, drive unit	15 kg

#### Aluminium profile

Length (m)	Weight (kg)
1.5	4.6
2.0	6.2
2.5	7.8
3.0	9.3
4.0	12.5

#### Part number

4080451	Drive unit
4080452	Profile 1.5 m
4080453	Profile 2.0 m
4080454	Profile 2.5 m
4080455	Profile 3.0 m
4080456	Profile 4.0 m

Swepac offers a wide range of models with many different engine versions and sizes suitable for any application. Swepac is quality and environment certified in accordance with ISO 9001 and 14001 and the machines are certified to the Euro Test standard by the Swedish Machine Testing Authority. Information about the company and our products can be found on our home page at: [www.swepac.com](http://www.swepac.com). We retain the right to change the technical specifications without any prior notification.
