F 92

FORWARD VIBRATORY PLATE

- The Swepac F 92 is the ideal high performance all-round machine.

- With a Vulkollan® plate (accessory) attached to the baseplate paved areas can be compacted efficiently for an even surface.

- Devibrated and ergonomic handle with low hand-arm-vibration levels.

- The F 92 can cope with the toughest of jobs since parts of the engine and transmission are protected by a cover.

- The chassis and handlebar are galvanized providing a superior corrosion protection and maintenance-free life.

- The handlebar can easily be removed without any tools, for instance, during transportation.

For compaction of sand, gravel, rock fill and paving stones.

All our machine models are versatile and easy to operate. They are also durable and reliable, which imply low maintenance costs.

TECHNICAL DATA – **SWEPAC F 92**	
Weight, net	88 kg
Base plate, width x length	500 x 610 mm
Height, max / min	990 / 980 mm
Length, max / min	1070 / 640 mm
Engine	Honda GX 160
Fuel tank capacity	3.1 liter
Fuel	Unleaded or alkylate petrol
Engine output, max	3.6 kW (4.8 hp)
Centrifugal force	19 kN
Frequency	93 Hz
Working speed	0–25 m/min

Hand/arm vibrations HAV according to ISO 5349 on gravel surface	3.2 m/s^2
Guaranteed sound-power level, LWA	105 dB(A)
Sound pressure at operator, OP	90 dB(A)

PART NUMBER	
305750-02	F 92 with Honda petrol engine and devibrated handle

ACCESSORIES	
305705	Transport wheels for F 92
305646	Vulkollan plate with brackets
